DIRECTORY OVERVIEW

The West Arthur Community Directory is published by the West Arthur Community Resource Centre, (WACRC), to provide residents and visitors with a wide range of relevant information about the Shire and is published biennially. Our next edition will be printed in January 2026.

This 2024-2025 Community Directory catalogues local phone numbers, email addresses and UHF details.

Along with Shire information, the Community Directory contains a comprehensive list of services and trades that can be accessed locally. It also details useful contact information for the many community groups, social and sporting clubs that exist within the community.

The Community Directory will be delivered to all households in the Shire at no cost. **Any additional copies will be available for purchase from the CRC for the cost of:**

\$8.50 (+ \$4.00 postage if required)

We would like to thank all those who supplied their details and assisted by providing amendments and general information.

INFORMATION & SERVICES

Council meets on the fourth Thursday of the month at 7pm with question time for electors at the beginning of each meeting. Agendas can be obtained from the Shire Office on the Monday before each meeting. Minutes are available for public inspection online or at the Shire reception desk.

Historical Notes

Settlements in the Shire resulted after the building of the first road linking Albany and Perth. The first settlements were located between the Arthur and Beaufort Rivers.

Over the years Arthur River developed into a thriving centre with police barracks and jail (1866), Mount Pleasant Inn (1869), St Paul's Church (1855), a post office, blacksmith, doctor, and trading post. When the Great Southern Railway opened in 1889, trade moved to the new railway towns and many of the centres along the old 'Coach Road' closed. Two connecting railway lines from Collie to the Great Southern line brought a new era of prosperity. Where for many years a few farming families had been the only settlers, the town of Darkan was established in 1907 and this soon became a busy centre.

During this period other families were pioneering outlying areas of the Shire. Some grazed sheep, while others provided services such as the Inn at Tarwonga and trading posts and stores at Moodiarrup, Arthur River and Boolading.

SHIRE OF WEST ARTHUR

Participation and Resolving Problems

The Shire of West Arthur welcomes input from our community. There are a number of ways that the public can put forward their views or resolve problems on particular issues relevant to the Shire.

Contact the Shire Administration

The easiest and quickest way for a resident or ratepayer to resolve a problem they have with the Shire of West Arthur or to find out information about the Local Government Act, Council's policies or the procedures relating to particular issues, is to contact the Shire Office on 9736 2400 or email shire@westarthur.wa.gov.au. If the problem is of an urgent nature or if you are unable to contact an officer during the day, you may contact the Chief Executive Officer (Vin Fordham Lamont) after hours on 0473 072 017.

Elected Members

Members of the public can contact their elected members to discuss any issue relevant to Council. Although your councillors will be happy to assist with any questions or concerns you may have, they may be unable to resolve the issue for you immediately. Often they will have to contact an officer at the Shire Office to check why a problem occurred, to check on the correct interpretation of the Local Government Act, or to simply pass on your complaint. It is preferable that you contact the Shire administration first and then your Council representative if you are unsatisfied with the result.

Deputations

With the permission of the Shire President, a member of the public can address the Council for a period of time determined by Council on any issue relevant to Council.

Question Time

Members of the public are invited to attend the full monthly meeting of Council and to take part in Question Time.

Meeting with CEO & Shire President

The Shire President and CEO are happy to meet with electors to assist to resolve problems or discuss issues or ideas. Appointments are to be made through the Shire Office.

PLACES OF INTEREST

The West Arthur Shire is more than an Agricultural area. With an idyllic landscape, it has many natural landmarks that have much to offer to both locals and visitors.

Wildflower Reserves

Throughout the Shire there are many areas with beautiful wildflowers particularly during the spring months of the year. Many of these areas are easily accessible Nature Reserves such as Capercup Nature Reserve, Haddleton Nature Reserve, Boolading Nature Reserve and the proposed Bennelacking Nature Reserve. Take a drive along some of the quieter back roads to see beautiful wildflower displays along the roadside. Contact the Shire office for more information.

War Memorial

The War Memorial features wrought iron gates were hand crafted by local farmers many years ago. The Memorial rock was gifted from a local farmer. It is ideally located in the Darkan Railway Reserve for the remembrance of our fallen and the Anzac Ceremony is held at the memorial annually. Lest we forget.

Betty Brown Historical Centre

The Betty Brown Historical Centre is a museum that celebrates the contribution that women have made to rural communities over the years and in particular the West Arthur Community. It is located in the Road Board Building (entry through the Community Resource Centre). It's open on week days from 8.30am - 4.30pm or by appointment (contact the Shire 9736 2400). The Betty Brown Historical Centre has been made possible by a generous bequest from Betty Brown.

The Shed

"The Shed" is a facility located on the Darkan Railway Reserve and houses metal and woodworking equipment. New members are welcome. Contact the Shire office for membership details.

Arthur River

The Arthur River area has many historical buildings, some of which have been restored. The Old Kitchen Mount Pleasant Inn was built by James Spratt in 1869 to cater for travelers, shepherds, sandalwood cutters and settlers.

Interpretive historical signage has been installed around the historical buildings.

Lake Towerrinning

One of the most notable assets in the Shire is Lake Towerrinning, which attracts both locals and visitors and is an ideal spot to visit to escape the heat of summer.

The area has facilities including picnic areas, playground, barbeques, and boat launch ramps. A private Caravan Park is located adjacent to the main recreational area.

Six Mile Cottage

Dick Strange built the cottage, which is on the Quindanning road, in the early 1900's. The cottage has two rooms and is constructed of timber slabs with a stone end wall and fireplace. Contact the Shire Office for more information.

Astrophotography and Viewing Locations

The night sky is spectacular in the Shire of West Arthur as light pollution is minimal. Darkan is listed as an astrotown and there are many places that are suitable for viewing the stars. Hillman siding (9km north east of Darkan) has been designated as an astro observing site. There is a picnic table and chairs and a cement slab to set up a telescope. If you are staying at the Darkan Caravan Park the nearby town oval offers another area from which to stargaze.

Astrophotography is increasing in popularity and Six Mile Cottage, Arthur River and Lake Towerrinning are all listed as astrophotography hotspots. Six Mile Cottage and Arthur River historical village offer the opportunity to capture the stars over historical buildings, while the Lake provides a more natural backdrop for your astro photos. As you drive around on the quiet country roads there are plenty of opportunities to capture the stars over rural vistas.

Thank you to the local community members who contributed information that enabled the updating of this Directory. Thanks also to everyone who helped with proof reading and collating. Your contributions are very much appreciated.

Gratitude is also extended to Maxine McKenzie, Pat Kelly and Janet Nuske for putting together the first Community Directory in 2000. Their dedication and efforts ensured that this, and future publications, have a solid foundation from which to work.

We hope that you find this Directory of benefit. All feedback is welcome.
